# TRADOC G2 Newsletter

Volume 3, Issue 2

February 2022

## Hot off the Press

[China Landing Zone](#) - Our new one stop shop for everything we have UNCLASSIFIED on China. Ranging from the recent ATP 7-100.3 Chinese Tactics to articles on Mad Scientist. This site is optimized for multiple types of devices, and improves upon our quick link country icon below or QR code to the left.

[HTF Interactive Application](#) - Located on the "Interact" icon within the China Landing Zone and QR code to the right, this site provides automated material to learn about the PLA Army Combined Arms Brigade's activities in multiple tactical vignettes and provides a quick reference guide with multiple links to resources.

[OE Watch \(January '22\)](#) - This OE Watch contains 20 foreign article reviews spanning over 30 different regions and countries covering Operational Environment topics from the foreign perspective.

## Recommended Readings / Videos

[The Russian Army and Maneuver Defense](#) - A historical review of Russian military theory and practice, analyzing Napoleon, WWI, and WWII invasions to modern application. First released in May 2019, and re-published in the Armor Mounted Maneuver Journal - [Winter 2022 Edition](#). Click [here](#) to download the article directly.

[Interactive Russian Military Activity Map](#) (CAC Enabled)- A great geospatial product courtesy of PiX and AGC, this interactive map is scalable and shows all scraped open source data provided by various governmental agencies of Russian military activity since September 2021. This site is re-hosted from the PiX site, and does not require an account. However, you can join PiX at the following [Link](#).

## DATE / ATPs / OE Updates

DATE Users Group Blog - Last month, the TRADOC G-2 team started and released a new blog "[INTRODUCTION TO DATE WORLD](#)". It is designed to bring DATE design, concepts, and user experiences straight to you. [Register for updates](#) to catch the latest blog posts as they're published. Our second blog answers the burning question "[WHAT IS DATE WORLD?](#)" Not only is the blog a mechanism for you to stay updated, it is also a great opportunity to provide your ideas or lessons learned back to the broader community. If you've got an idea for a guest blog post, don't hesitate to reach out to contact our group email for the [DATE Team](#).

Find this Newsletter and more at the:

TRADOC G2 Homepage: <https://oe.tradoc.army.mil/>

## Training & OPFOR Updates

[25th Annual TRADOC G2 Worldwide OE/OPFOR Conference](#) - MS Teams (28 February thru 3 March 2022, 0830-1230 EST). We will develop metrics to track the impact of OPFOR Modernization on Rotational Training Units, and cross-reference Army modernization efforts in support of the Army of 2030 with OPFOR Modernization efforts, and identify where risks to Readiness and Leader Development exist. To RSVP MS Teams please click [here](#).

## Monthly WEG Challenge

Which Multiple Rocket Launcher (MRL) has the longest range ?

1. [9A52-4 Tornado Russian 300mm Multiple Rocket Launcher](#)

2. [PHL-16 \(Type PCL 191\) Chinese 370mm Multiple Rocket Launcher](#)

3. [M-1991 North Korean 240mm MRLS](#)

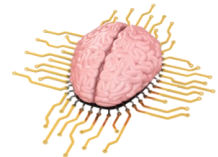

## Mad Scientist

[Disinformation Threats to the All-Volunteer Force](#) and [podcast](#)

[Through Soldiers' Eyes: The Future of Ground Combat](#) and [podcast](#)

[Maximizing the Army Team's Potential!](#)

## Coming Soon

Video—A depiction of a Chinese PLA Combined Arms Brigade
