January 2022

## Hot off the Press

[Red Diamond—China as a Pacing Threat \(December '21\)](#) - This special edition includes nine articles focused on China including Information Operations and PLA's approach to UAS, expanding on the recently released ATP 7-100.3 Chinese Tactics. Now optimized for personal devices or download the full pdf [here](#).

[OE Watch \(November '21\)](#) - This edition contains 28 foreign articles spanning over 30 different regions and countries covering OE topics from the foreign perspective.

[OE Watch \(December '21\)](#) - This edition contains 24 foreign perspective articles to assist leader development, training, education, governmental, and analytic communities.

## Recommended Readings / Videos

[The Operational Environment \(2021-2030\): Great Power Competition, Crisis, and Conflict](#) - This document explores the impact of COVID-19 on the OE and presents four potential post-pandemic alternative futures to consider in terms of Competition, Crisis, and Conflict.

[The Russian Way of War](#) - TRADOC G2 just started the world-wide staffing for the ATP 7-100.1 Russian Tactics. However, we wanted to re-share the link to this 2016 product which is a foundational document in the ATPs development.

## DATE / ATPs / OE Updates

[GTA 20-10-002—People's Liberation Army "Ground Forces"](#) An updated quick reference guide with additional vehicle, equipment, and uniform photos.

[DATE World Video \(November '21\)](#) - This three minute video was presented at the AUSA 2021 Conference, and is a great overview of DATE and how the environment allows users to train against pacing and near-peer threats.
