

# Threat Tactics Course – Readings And Information

This page is intended to help the host-organizers and students of upcoming Threat Tactics Course Phase 2 classes. Your situation may differ, so please feel free to reach out to the TTC Course Manager if you have any questions.

- **Admin:**
  - Number of Soldiers generally less than 30. 20-25 optimal.
  - We usually start at 09. On Day-1 we prefer to arrive early to set up and ensure there are no issues. Start and end times can flex as needed for site requirements/PT/etc.
- **Classroom:**
  - We have found there are fewer issues if the course is not in a secure area. An Education Center of Digital Training Facility works great. All material and references are unclassified and released to the public. Discussions will be unclassified.
  - Students should have computers – either brought GFE or present in the classroom. 100% not required, but helpful.
  - We use MS Teams for most of the class – references, readings, PEs, etc. The instructor will add the students on Day-1 to our Team **using their army.mil emails**. If Soldiers don't have an army.mil account, they can share with others.
  - Instructor will have GFE laptop, but can use an existing instructor computer, if available. **Projector and speakers are required.**
  - Day 1 is mostly Briefing and drills. After that we shift to small group PEs using a combination of PowerPoint and paper maps (See links below to download). It can be very helpful to have whiteboards/butcher paper, markers, and tape.
- **Students:**
  - Uniform is duty uniform. They can bring whatever references allowed in at the site. Smart-books, manuals can be helpful, as well as downloading the Student Supplement (Link below).
  - Please ensure all Soldiers have completed the **Phase 1 computer-based instruction** and the **pre-readings** (Links below). <https://oe.tradoc.army.mil/resources/TTC-Phase1/>
- **Funding:** Travel expenses for course MTT personnel use your unit Foundry funds. MIPRs should be transferred to the TRADOC G2 account.

## Student Readings

Click titles to download. Check with your class POC for area of emphasis.

- Pre-readings
  - [“Changing Character of Future Warfare” \(on YouTube pages 3-12\)](#)
